

## Technical Rider

### Setup:

- 2 x turntables: Technics SL 1210 or 1200 with needle system (Please refer to the Setup chart below for the required routing) - acceptable alternatives: Pioneer PLX-1000 turntables
- 1 x mixer: Pioneer DJMS9 mixer - acceptable alternatives: Reeloc Elite mixer
- 2 x monitor speakers: left and right

### DJ booth dimensions:

- Min. width – 130 cm
- Height – between 90 cm and 100 cm

### Monitoring:

- Monitors shall be placed at shoulder height or above on each side of artist, not behind or on the floor. In the event that it is only possible to place the monitor mono or on one side, it must be on the left side of the artist.
- Monitor volume must be controllable by the artist.
- If at least one monitor is not available the DJ will not perform

### Recording:

Absolutely no recordings of the live act is permitted.

### Sound check:

Please provide adequate time for the DJ plus a sound engineer to sound check before the venue opens. Refer to the setup chart below for the required routing.
